Dear Hongxin Su,

This is to let you know that your submission has been accepted for presentation at the upcoming meeting of the APA Pacific Division. Congratulations!

A colloquium is a one hour session with a twenty-minute, 3000 word paper and one commentator. A symposium is a two hour session with a forty-minute, 5000 word paper and two commentators. If you submitted to a lightning round or workshop, you will receive instructions in January.

Nobody may normally appear on the divisional program of the meeting more than once. If you have agreed to give an invited paper, to comment on a paper, or to chair a session, please reply to this message right away.

You will be listed in the program as:

Hongxin Su (Independent Scholar)

If this is incorrect, please email corrections to support@apa-pacific.org.

The Pacific Division posts preprints of refereed colloquium and symposium papers on its web site from January 1 until the meeting, in order to encourage better discussions of presented papers. Your paper will be posted unless you request otherwise at this time by emailing support@apa-pacific.org.)

Please note that we may only post your paper in the version that was refereed. Under no circumstances can we post a new version of your paper. There are no exceptions to this rule.

If you are a graduate student applying for the graduate student travel stipend, you must complete the form at the following URL by December 1: https://www.apaonline.org/general/custom.asp?page=P2025Stipend

We will be sending you further emails about the meeting during the next few months. For this reason, we would be grateful if you would confirm that the email address we have for you is correct by clicking on this link:

Should your email address change at any time in the next few months please let us know by sending a message to support@apa-pacific.org.

We strongly advise all participants to book lodging soon, since there is limited availability of rooms at the discounted conference rate. For information about the meeting, including lodging, visit the Pacific Division web site at http://apa-pacific.org.

Congratulations once again. We look forward to seeing you at the meeting.
