Dear Hongxin Su,

Congratulations! We are delighted to let you know that your submission, {{submission_title}}, has been accepted to the AI and the Self workshop at NeurIPS 2026 in Paris.

You can find the final reviews for your paper on OpenReview. Please take them into consideration while you prepare your camera-ready version and presentation/poster.

Action required by Friday, October 2, 2026 (AoE): Please fill out our accepted-paper form: https://forms.gle/wU9ur1J9D8sCPChHA

The form covers registration, presenters, and other logistics we need to pass on to NeurIPS, so please read it carefully. We have to send our list to NeurIPS shortly after this deadline and cannot accept late responses. One response per paper is enough. You will receive more details about the camera-ready submission and poster presentation soon.

Congratulations again, and we look forward to seeing you in Paris! If you have any questions, please contact us at aintheself@gmail.com.

Best,
The Organizing Committee
